

Families in Focus CIC 'Professional Parent Toolkit'

A 2 hour workshop for parents/grandparent/adoptive or foster carers caring for children and/or young people with autism, ADHD, any additional needs

Funded by DSPL Area 9 Supporting Families, Children & Young People in Watford, Three Rivers, Bushey and Radlett.

As a parent it can feel confusing, overwhelming and intimidating when attending meetings with teachers, SENCO's, Doctors and other education and healthcare professionals.

This workshop will give you knowledge, practical skills and techniques to be prepared and be an assertive, confident parent and enable you to work with other professionals so your child, you and school etc. get the very best out of meetings.

"I recently attended this workshop and learned so much. I now know who to contact for the extra support I need with my child's EHC Plan and have strategies and techniques I feel confident in using when I attend the next meeting so can be assertive when speaking up for my child so he is more likely to get the support needed."
